Schedule of events 2012

2012 SHOOTING SEASON

We have an exciting and varied shooting season planned for 2012, and while it is still early we will have more details soon. We have been overwhelmed with the many supportive emails that you all have sent. I want to express our thanks to all of you. It has been a real pleasure to meet and shoot with you all and we look forward to seeing you again next year.
